I am currently a Fashion Design student about to complete my undergraduate degree at Birmingham City University. As a highly motivated and organised person, I have an exemplary drive for perfection in which ensures I always go the extra mile. My excellent time management skills prove that I am eager to learn and undertake new challenges at every given opportunity. I have a good eye for style, which comes from my creative and explorative nature. I am seeking a position that will challenge me and develop my knowledge of the fashion industry.

### Employment and Work Experience

#### **2017 June – August          Camp America – Fashion Design specialist, USA**

- Planning/ preparing lesson plans on a weekly basis
- Working independently being responsible for everything within the department
- Teaching sewing daily allowed me to enhance my skills to a high standard (hand and machine)

#### **2017 January – April (February- Backstage London Fashion Week) Mary Katrantzou – Design Assistant Internship, London**

- Working in a fast paced environment, working well under pressure
- Time management, being efficient and effective
- Pattern cutting, understanding technical instructions
- Garment construction, machine sewing with different fabrics

#### **2016 September – December Design Assistant Internship, OSMAN, London**

- Photoshop/illustrator (CAD drawings, colour ups)
- Design development 2D from initial sketch to digitalising
- Print development from 2D drawings to digitalising
- Fabric/colour resourcing
- Mood/trend research
- Communicating well with all levels

#### **2015 October- June 2016 Sales Assistant, Dorothy Perkins, Birmingham**

- Driving sales of company product
- Styling, providing customers with suggestions for outfits and trends
- Understanding of customer/market
- Holding a position of responsibility

#### **2016 February-April          Design Assistant internship, Tata Naka, London**

- Embroidery development from initial sketch to machine
- Pattern cutting, ensuring to be precise

- Draping on the stand - 3D design development

**2016 January- Dresser at the BETA Fashion Show, Birmingham**

- Fast pace environment alongside the show team
- Working well under pressure to dress my allocated model
- Ensuring garments looked professional for the show

**2015 December- Worked with Nikita Karizma at the Clothes Show Live, Birmingham**

- A sales position communicating the brand to customers
- Using initiative when working independently
- Represented a professional, high end celebrity clothing brand

Education

Birmingham City University

BA Hons - Fashion Design (Childrenswear specialist)

During my time at university I have gained the following skills;

- Creating a concept/mood and understanding of trend
- Design processes 3D and 2D
- Print design from initial drawings to digitising and print placement
- Embroidery design and development from initial sketch to machine
- Photoshop/Illustrator (CAD drawings and colour ups)
- Garment construction from pattern cutting to sewing
- Colour/Fabric sourcing
- Time management/organisation – multitasking and meeting deadlines
- Creating a 6 outfit clothing range
- Showcasing my collection at GFW
- Portfolio development
- Coordinating and styling my collection at a professional photoshoot

Bucks New University

BTEC Foundation Diploma in Art and Design- Distinction

During my time at college I developed my skills in print and fabric.
