Personal Profile

I am looking for the placement for my course in design and illustration. I am Chinese and I have been studying in England since 2012. As an international student I can speak two more languages which are Mandarin and Cantonese as well as English. I am a creative person and I have a lot of ideas in my mind. I have learned drawing since I was six-year-old so that I have strong drawing skill. I am good at transferring my ideas onto paper. I know how to improve myself because I understand the main point of each project and every skill I need to learn. I also have good CAD skills.

Interest

I like Japanese culture, especially anime. For me to say, anime is a place to help me to

discover many emotions which are hard to find out in my life. I love music very much as well. I like rock, pop and classical music. I love drawing, I have to drawing everyday. I enjoy singing, I think singing is a really good way to express emotion and release pressure. I also like doing some sports, such as badminton, cycling and hiking. I feel free and excited to contact new culture, therefore, I also really enjoy traveling. I travelling at least twice a year. I have been some countries such as Japan, Switzerland, Netherlands, Italy, France, America, Spain and more.
