

Alice King.

I am a highly driven and creative multidisciplinary textile designer, specialising in embroidery and print.

Using mainly abstract concepts, my work incorporates intriguing textures and sumptuous colour combinations. Although I have a distinctive style, I am flexible to work to any brief, trend or colour palette.

Any textiles, colour or trend related opportunity would be greatly appreciated to help me gain experience and enable me to follow my goal of becoming a homeware buyer.

Work Experience & Employment History

Julien MacDonald

Studio Intern
April - May 2019

Worked in a fast paced, high-end fashion studio helped to develop skills such as initiative and professionalism. During this time, I mainly worked with beading on a few of the dresses in the Spring 2020 ready-to-wear collection

Barnsdale Gardens,

Oakham
